ANNUAL REPORT

OF THE

BOARD OF TRUSTEES.

It is made the duty of the Chairman of the Board to prepare an Annual Report of the affairs and condition of this Corporation. That includes an exhibition of the amounts received by the Treasurer during the year, ending on the 1st day of April instant; the day of the date of this Report; also the expenditure made by him during the same fiscal year; the disposition of the aggregate amount received, with a statement of the balance on hand.

The evidence thus required shows the condition and the affairs of this Corporation, as furnished by their Treasurer, whose Report is hereto annexed.

The Special Committee appointed by the Board to audit his accounts, have performed the duty assigned to them. Their Report is also hereto annexed. A reference to this report, which ratifies the correctness of the Treasurer's account, will further show the details that relate to the Real and Personal Estate owned by this Incorporation; and likewise their value, with the exception of its Books, which, from their very character, cannot be accurately estimated.

These two several documents are demonstrative of the prosperity of this Institution, of its freedom from debt, and of the balance in its favor. This healthy condition is further attested by its constantly increasing number of Books, Pamphlets and Newspapers, which, it is believed, fairly meet the demand of its Shareholders, to the extent of the funds placed at the disposal of the Library Committee.

This favorable result is further practically illustrated by the amount of income derived from the shareholders, whose general promptness in payment of their dues has not only furnished the means of meeting the ordinary expenditure, but of providing further accommodation for members and visitors.
The increase of the Library will appear from the list of Books purchased and donated to it. This statement, however, does not include the additions made to the "De Peyster Alcove," the books deposited therein being for reference and use in the Library, and not for circulation or removal from it.

The New York Society Library, with its valuable property, its freedom from debt, its accumulated stores of rare works, and carefully-selected publications, thus furnishes advantages which are further enhanced by its convenient access from all quarters of the city and the adjacent villas and villages, in the numerous modes of conveyance which pass its door, or in its immediate vicinity.

It only remains to make more generally known these several advantages, to increase the number of its supporters, and to extend its corresponding influence and usefulness.

FREDERIC DE PEYSTER, Chairman.
WILLIAM J. HOPPIN, Secretary.

New York, April 1, 1876.
